Planting Instructions

We encourage you to get creative with your planting instructions. Our handmade seed paper is packed with seeds that are just waiting to burst into flower. Below are our standard planting instructions. You can use these, or use them as a base to come up with your own!

This handmade seed paper is embedded with annual and perennial wildflower seeds. Soak the paper in water overnight. Cover with a thin layer of soil and water daily until seedlings are well established. Germination time is 1-3 weeks.
